

Sport bottle with carbon filter

KIVI 700 ml

Code: **16212-02**

The 700 ml KIVI water bottle has a very convenient retractable mouthpiece with a straw. Its biggest advantage is the interchangeable carbon filter, thanks to which we can fill it even with tap water. The filter can also be removed when you want to pour e.g. juice into the bottle. The filter can be easily replaced after the recommended period of use (about 300 fillings or after 2 months). A secure grip and sporty look are ensured by silicone bands.
