The LEDIKT bottle is a very gadget definitely worth looking at. It has a thermometer built into the cap that indicates the temperature of the drink in degrees Celsius. Simply turn the bottle upside down for 10 seconds to read the exact temperature. There is a strainer inside, thanks to which we can brew tea. The bottle looks elegant and unconventional. It fits perfectly in the hand and is pleasant to the touch. Made of stainless steel. The bottle is equipped with a replaceable 3V lithium battery.
